bove right — Chilly, but a night to remember.

This years Homecoming was an enjoyable event for everyone. Spirit week kicked off the festivities with students dressing in school colors, their Sunday Best, and the most memorable, as NERDS.

A traditional and enthusiastic assembly was organized to get the team ready for the game, and to present this years court and the announcement of who was chosen as Queen. Anticipation mounted while waiting for the Seniors' choice. Suzanne Kishman was crowned as the Queen, the members of the court included: Venessa Jefferies, Vikki Jobe, Amy Anton, Dawn Abel Bey, Melinda Prince, Vicki Vandebosch, Lynda Brown, Dyan Hansen, Zenny Almariego, and Arnetta Peterson.

The climax of the week was the football game. The team was to take on their big rivals, Catholic Central, the only city league contender left that had a chance to play spoiler. That evening the Indians proved themselves once again giving them a 6-0 City record and the City Title.

The week closed with the dance on Saturday evening. This years theme was "Stepping Out." Couples danced to music provided by River City Sound and Lights. Those attending were given a glass with the Homecoming theme imprinted as a memento of the evening.

Among all the other events of Homecoming Week was the Donkey Basketball Game. The game was played between a team of seniors and a faculty team. The teachers came out on top 16 to 8 after a fairly close game.

The faculty team was made up of Mr. Briggs, Mrs. Boyd, Mr. Pasteur, Mr. Walker, Mr. Cannon, Mr. Vandermeer, Mr. Turkal, Mr. Smiley and Mr. Bolhuis. Mr. Vandermeer led the team with tough defense and six points. Mr. Turkal also did a good job and had six points as well. Mr. Cannon and Mr. Walker had one basket a piece to round out the teacher's scoring.

The senior players seemed to spend most of their time trying to catch up to their donkeys. Jeff Williams never did catch his donkey and finally gave up. John Jimmerson played well for the seniors and scored 4 points. Mark Hopson and Javan Adams also made one basket each.

Tickets for the game were \$1.00 each and the money went to the senior class. The game was held during sixth hour and all students with tickets were excused from class to attend. The game was very entertaining and worth the price.

The main purpose of the game and of the whole week was to spark interest for the Homecoming game. Everyone had fun at the game and throughout the whole week!

Once every year on a cold brisk day, you'll find a crowd of people around the school track. What are they doing? Watching a football game, but not just any football, their watching Powder-Puff football. Powder-Puff is played by the Senior and Junior class girls. This year the senior girls won by a long shot, but the Juniors will have another chance to win next year. It's not a matter of winning or losing though, it's a matter of going out and having fun. Also to check out the cheerleaders and their sexy legs. So, if you didn't see it this year, make sure you don't miss it next year. You won't be sorry.

This year Mrs. Harris turned out another group of talented dancers, The Talented and Sophisticated Dancers. (T.S. Dancers) This years squad was a melting pot of breakdancers, tapdancers and electric boogaloos. The tapdancers included the talents of Brett Saunders, Barbara Bennett and Christoph Klein. This years team has performed at various functions including basketball games and the pep assemblies. The leaders of this very talented squad were Heather Drake (captain) Brian Broyles (captain) Trina-Iris Harris (co-captain) and Lisa Partee (secretary). To be successful they had to practice very hard including returning to school on Saturday mornings. Some of the outstanding dancers were Bernard Macklin, Brian Droyles, Greg Vinson and Noel Webley. This years squad was special because one of the tapdancers, Christoph Klein was an exchange student from Germany. Rumor has it that this group might have been named after Mrs. Harris' two daughters, but who knows?

The Wiz, this year's musical was very fast paced and full of energy. Rodney Vaccaro directed it. He did an excellent job.

The cast and crew worked very hard on this play. They began rehearsals on December 2nd from 3-6 p.m. Monday through Friday until opening night. Sometimes they rehearsed from 6:30 to 9:30 right before opening night. The play lasted three days: The 28th of February and the 1st and 2nd of March.

This play is very much like *The Wizard of Oz*. In *The Wiz*, Dorothy gets blown by a tornado to Oz. She then proceeds to find the wizard, and on the way, meets the lion, tin-man, and scarecrow just like in *The Wizard of Oz*. Though the story-line is the same, there are a few differences. For instance, *The Wiz* is modern, the lines are funnier, and the songs are faster. The costumes are more modern than in *The Wizard of Oz*. There are a few scene changes too. First, the yellow brick road is made up of people and second, the poppies are ladies of the evening.

The actors and director are not the only reasons for a successful play. The stage crew and other technical jobs play a large part in the production. Tom Hough runs the lights and Mr. Sawyer handles the stage crew. Their jobs are very important to the play. Lighting takes skill and timing, if the timing is off it can hurt the play. The stage crew has to handle the scene changes flawlessly, so the audience does not get restless.

Bernard Macklin was the Wiz. He did a superb job. Kim Battle was a perfect Dorothy. Her friends were: Tim Reilly, the tin-man; Marvin Sapp, the scarecrow; and Tony Kilgo, as the lion. Each of those main characters played their part to perfection along with everybody else in the cast.

This years Sweetheart Swirl was quite a success. Almost everyone who attended had a good time. The set up was divine, it was done in great taste. At the entrance way there was a heart made up completely of red and white balloons which made an impression of love about to happen! This years swirl was put on by the junior class. All of the finance was taken care of by ticket sales. As usual the ticket sales increased from last years price of six dollars to this years price of seven dollars. The dress was very well suited for the atmosphere. Overall the dance was extremely successful

Again this year, the school dances were very popular and a big success. Students really enjoy getting together with their friends and dancing to their favorite songs. The dances feature a variety of music usually played by a live band or disc jockey. Dances usually last 2-2½ hours and cost between \$1.50-\$2.50.

Dances are sponsored by a number of groups who hope to make money while providing a good time for their friends. Throughout the year, dances were sponsored by the CPS, the Varsity Club, the Yearbook Staff, the Music Department, Student Congress and all of the classes. All of the dances were well attended and the sponsors did pretty well.

Some sponsors were creative and chose a theme for their dance. For instance, a Hawaiian dance or a more dressier dance. Other ways of promoting interest included dance contests and prize giveaways.

All of the dances went smoothly this year thanks to the excellent security provided by our administrators and security guards. They helped make our dances a safe place to have fun. (even though they always turn on the lights five minutes too early)

Dances always have and always will be a great place to celebrate a victory or just to have fun!

This year the 1984-85 music department showed us a great year of spectacular music and talented groups of dancers and singers. Three events to mention are the Fall Concert, Cabaret, and the Holiday Concert, which were very well performed.

The Fall Concert was an exciting event for the many who came, and for those who performed in the concert. Two of the many songs which were sung that evening were The "Star Spangled Banner", and "On Broadway." The show started at 8 pm on October 24. Students, parents, old, and young attended. For all it was a sight to see.

On December 13 at 8 pm, Ottawa Hills was looking forward to the evening ahead. The special Holiday Concert brought out the holiday spirit in many. The winter program consisted of many fine singers. Three of the Christmas songs which were sung were "Jingle Bells", "It's Christmas Time Again," and "Here Comes Santa Claus". The audience was pleased with the fine performance of the Ottawa Hills music department.

Once a year the light is on those musicians who perform in Cabaret. Different than the usual concerts, Cabaret is a time of the year for those highly talented students. The night includes a special dinner for the parents and students who came to this special event. Cabaret is a special time for the directors as it is for the students. Cabaret is a program performed by choir members doing solos, duets, and trios. Instrumentalists are also involved in this program. A few of the many songs that were sung were "Thriller", "Glamorous Life", and "The Greatest Love of Mine."

Cabaret, Fall Concert, and the Holiday Concert, all with the help of the whole music department, show what spirit and pride is what Ottawa is all about. Salt and Pepper, A'Cappella, Chorale, Freshman Choir, and Orchestra are fine examples of this.

The directors were Mr. Huls, Mr. Sawyer, and Mr. Rower. The accompanists were Brad Ballast, Mark Brown, Brad Brummer, Jennifer Yared, Jeff Cobb, Dave Cobb, Pam Carlton, Laura Carey, Dan Bradley and the Jazz Ensemble.

Ottawa Hills would like to congratulate you on a fine presentation. We hope to see more in the years to come.

For the past many years Ottawa Hills has had the privilege of being involved with the Exchange Student Program. This year we had six students from four different countries. Many students like their stay here and enjoy going to Ottawa Hills High School. Some even wish they could live here. Marico, a student from Brazil is back to spend his senior year with us. Christoph Klein, whose from Germany, said Ottawa is a lot different from his home school, but it's a great experience. Christoph admitted he was nervous about going to a new country and school, but he said everyone was so friendly, it made him feel at home.

SENIORS

The class of '85 showed leadership, determination, and a lot of personality. Realizing they were being looked upon to set examples for the other classes, they showed how education and fun tie together as one.

Seniors

Senior Class Officers

The Senior Class Officers of the year 1985 are as follows:

Lynda Brown (President)

Suzanne Kishman (Vice President)

Vikki Jobe (Secretary)

Robert Metzger (Treasurer)

The Senior Class Officers have done a lot for the Senior class. They have put lots of effort in making the Prom and Homecoming dances the best ever. They have also helped the Senior Class in making their last year of high school at Ottawa Hills the best possible.

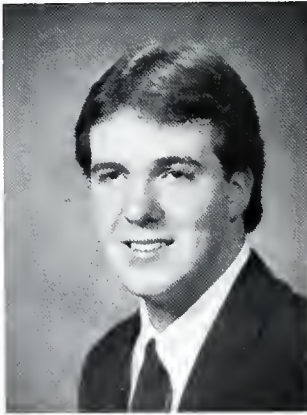

The senior class officers have made it possible for the seniors to have a night to remember. It is graduation night. They have planned an all night party. The seniors board a bus and say good bye to their parents, and have a great time dancing, playing games, and eating great food. Most of all they can be with their friends. They have from 10:00 at night til 6:00 in the morning, but if they get too tired they can get back to Ottawa by 4:00. I'm sure most people will stay out til 6:00 though, because it will be such a great time.

GRADES

No two classes are alike. They share similar experiences and yet they all react differently. A wide variety of people exist at Ottawa Hills High School. They are beauties and learned students, artists and athletes, philosophers and comedians. Although each of them are individually distinguished from one another by their personalities, they share the enthusiastic bond of spirit.

Juniors

Jolly Juniors

Well, they finally made the move from lower to upperclassmen. This awesome class of 1986 has been said to be one of the most spirited Junior classes ever. They participated in many different athletic as well as extra curricular activities. A successful Junior Review was one of the biggest projects they had all year. Powder-Puff Football, which resulted in a six to fourteen loss, was another popular event. Along with putting up numerous fights for the spirit stick, the Juniors also created a first place Homecoming float. The class officers for the 1984-85 Junior class were: President, Christie Veen-Kamp; Vice President, Julie Meridith; Secretary, Kristi Ferrante; and Treasurer, Michael Hopson. The class advisor, Mr. Cannon, did a great job of getting the Juniors together and organized. Look out for the soon to be Seniors.

Sophomores

Have The Spirit

The Sophomore class as a whole showed their school that they have the "Spirit"! They won the Spirit Stick at the Fall Pep Assembly. As Freshman they were involved with numerous extracurricular and academic activities and again as Sophomores they are leading the way.

The 1984-1985 Officers are: President — Kristi Shook, Vice President — Lisa Partee, Secretary — Sue Pheifer, Treasurer — Beth Hackman. These officers have shown over and over their responsibility and concern for Ottawa.

We hope the Sophomores will continue to show school spirit and pride and prove it in their sports and academic achievements. Sophomores are a fine example of what Ottawa is all about!

Freshmen

Fearless Freshmen

This year's Freshmen class came in with a lot of spirit and enthusiasm. They were determined from the start to make a good impression on the rest of the school. They had to face a lot of problems at the beginning of the year. First and probably the biggest was the teacher's strike. Anybody that has gone through high school at Ottawa or at any other high school knows how scary and frightening the first couple of days can be. But what the strike brought was a whole other part of confusion to the minor confusion of a regular first day of school. So far they have adapted pretty well.

They, the Freshmen have shown a whole lot of school spirit at the first couple of pep assemblies, and have shown up in great numbers to support the city league champions in football, not to mention all of the other sporting events that take place at Ottawa.

All in all this year the Freshmen class has performed pretty well. They have lived up to the expectations that have been set by others. We as the other part of the school hope that they keep up the great work. GOOD LUCK CLASS OF 88.

SPORTS

Sports at Ottawa Hills have remained excellent through the years. Ottawa has dominated the city league in basically all of the different sports events. We have also won the all sports trophy many times in the last decade. The trophy is just the icing on the cake for all of the hard work that the kids in the events have done. It is all a part of the dynasty that has been built at Ottawa.

Football, baseball, and basketball have produced many of the City league championships. Considered by many to be the three main sports that really say a lot for the school. But not only have these championships come in those sports but they have come in many of the other sports, ranging from hockey to tennis.

All of the success is due greatly to the hard work and all of the determination of the participants. Congratulations and continued success.

Varsity Football

Electrifying

The 1984 Varsity Football Team proved how supreme they really were when they captured the city title this year. The team was coached by Jerry Dutcher, Stan Spetosky, and Steve Turkal and lead by team captains Mike Waalkes and Gerald Harvey.

The season started off a little shaky when they played their largest rivals — East Grand Rapids. The game was scoreless for the Indians and East Grand Rapids won that night with the score of 16 to 0.

After the east game though, The Big "O" played Union High which was their first victory of the season and certainly not to be the last. Another well deserved win was OHHS played West Catholic and electrified them with the score of 21 to 7.

And one more game that set Ottawa's fans on their feet was when the Indians played the Polar Bears Of Creston High and defeated them with a score of 39 to 6.

Players who showed excellent sportsmanship and abilities were: Hue Martin Robinson, Gerald Harvey, Arlen Gaddy, Mike Waalkes, Tony Clark, James Jennings, Tom Zain, and Mark Hopson.

This was an outstanding team this past season and we hope to have one like it again next year. They were a united group of young men with seniors showing support and leadership as they backed up the team even when things weren't going their way. It was an excellent season but the team will long be remembered for its sportsmanship, desire and school spirit.

J.V. Football

Coach Jim Burns and Demonte Johnson of the J.V. Football team had a successful season. They showed promise and determination. The players should contribute greatly to next years Varsity team. Scott Amous, Ernie Pasteur and Lance Coleman helped lead the J.V. to many victories. we hope to see these players and all the rest on the Varsity Football team next year.

Freshman Football

The Freshman football team was coached by Rocky Yalpetti and Don Gaster. The first year Indians displayed great enthusiasm and progress with every game they played. This group should give Ottawa good things to look forward to in the next three years. There were many fine players that helped lead the team along. These players will make the J.V. football team of next year outstanding, as Ottawas football teams always are.

The J.V. guys showed us their determination at the beginning of the season when they tried with E.G.R. That just might have been one of the best games that they played. A lot of credit goes to the coaches Jim Burns and Demonte Jackson. These coaches taught the team not only skills, but to go out there and do their best. Even if their best wasn't good enough to win the game.

Varsity Cheerleaders

Cheering It Up!

The Varsity Cheerleaders took on the season with enthusiasm and high spirits. The football team really loved their support on the side-lines. The games would not have been near as good as they were if it had not been for the cheerleaders cheering for the team. The team did an excellent job throughout the season and proved that they could do almost anything.

One of the cheerleaders, Kelly Van-Dyke, and an injury. The team lost an excellent cheerleader, but Kelly still supported the team in fund raisers and in giving them special support. Thanks Kelly.

JV Cheerleaders

The Junior Varsity Cheerleading Team has worked very hard this year improving their talents with each game. The team was coached by Joeann Schanz who kept the team on the right track. The Junior Varsity Cheerleaders participated in the Homecoming game. They also cheered in the many pep assemblies helping to keep up the school spirit and sportsmanship of Ottawa Hills High School.

The cheerleaders put in many hours of practicing routines and formations. Most of the cheerleaders on the Junior Varsity team have been on a cheerleading team before. The cheerleaders also put in many hours at Cheerleading Camp during the summer. Camp is not easy but the excellent job they do cheering really makes all of the work worth it. We hope to see all of the Junior Varsity Cheerleaders on the Varsity team next year.

Freshmen Cheerleaders

This years Freshmen Cheerleading squad was very helpful to the other sports teams. The Freshmen football players all agree that it helped them when they were not on the field to look over at the bench and see those pretty girls cheering them to victory.

The 1984-85 Freshmen Cheering Team consisted of Jodi Cronkright, Danielle Jimmerson, Cindy Stilley, Kerry Travis, Heather Dutcher, Kishha Williams, Kim Simmons, Michelle Henderson, Cindy Thornson, Lisa Baarda, and Tanya Perry. These eleven girls started the year new to Ottawa Hills but as the year went by they began to show their talent and fit right in with the crowd.

Girls Swimming

Swim Team Flounders

The Swim team of 84-85 did a good job this year as a team and as individuals. Although the team is mostly made up of underclassmen they are a strong part of the team. The coach, Mrs. Sue Neat was out for half the season because of back surgery. This was a big blow to the team. As the season went on the team got better. Junior Laura Block was an example. She broke many records such as 200 m., 100 m., and the individual medley. Heather Dutcher, also made the State Regionals this year for diving.

As a tribute to Mrs. Neat, the Christian game was dedicated to her. When Mrs. Neat was out, volunteers: her daughter, Linda Neat, Coach Briggs, and Mr. Gary Williams, a counselor here at Ottawa, helped a considerable amount.

On the team there is one senior, five juniors and the rest are underclassmen. Captain is Heather Duncanson, Co-captains — Laura Block and Jamie Haskins. Rookies of the year — Heather Dutcher and Amy Adair. The divers on the team are Heather Dutcher, Stacy Williams, and Jodie Cronkright. We will be expecting a lot from the underclassmen in the future.

Boy's Golf

Golf Team Looks To The Future

The Boys Golf Team's 1984 season was rather disappointing. The team, composed mainly of juniors and a few underclassmen, didn't play quite up to pre-season expectations. Beating only Central in league play, the squad finished sixth in the city.

However, at the City Tournament, the team showed a little of the talent they hope will carry them to a city title next year. While finishing sixth, they were only six strokes away from third place. John Edleman led the team and finished fourth overall in the City League with an 81. Jon March was next with an 86, Mark Whitwer and Mike Ghareeb each shot 91, and Todd Bowman came in with a 97.

At the Class A Regional, the team came in 15th out of a field of 18. Again, John Edleman led the way with an 85. Mike Ghareeb and Jon March were next with 86 and 87 respectively. They were followed by Todd Bowman with 90, and Mark Whitwer who shot 94.

John Edleman, one of the team's six juniors, was captain of the team this year. John was consistently the best player and shot the lowest scores all year long. Juniors Todd Bowman, Mike Ghareeb, Jon March, Brad Versluis, and Mark Whitwer also contributed greatly. Underclassmen Greg Schwaderer and Greg VandenBosch show much potential and are sure to be heard from in the coming years.

Coach Dan Brink feels that if the team can combine the experience they gained this year, with a lot of practice and tournament play over the summer, they have a real chance at the City and Regional titles next year.

Cross Country

Runnin' Fine

This year's cross country season went along as it could have predicted to go in the pre-season. Finishing 4th in the dual meet, it was considered an average year but with excellent talent. The finishing spot of 4th is somewhat deceiving because of the fact that they actually finished 3rd but were placed 4th because they had to forfeit one match because of an illegal runner.

Actually this year's season was sort of a rebuilding year seeing that many runners who have great potential are juniors. Among those are: Damon Black a possible all-city runner, Bernard Macklin, a very talented but somewhat unmotivated cross-countrier, and finally, a very good transfer from East Grand Rapids High School named Jason Thomas. While the team was lead by a senior, Don Hoezee who also is a possible all-city man, those juniors will be a big asset to the squad next year.

The 84 team was made up of 18 people, two of them being girls. They were coached by a seasoned runner himself, Mr. Jones. Mr. Jones says that "they did alright but could have done better." He felt that they could have finished 2nd only to Catholic Central who is far and beyond the best team in the city. Mr. Jones also specifies that the team could have been a lot better if some potentially great runners would work harder. As it turned out, only two on the team really worked. They are Damon Black and Don Hoezee, the two all-city candidates.

To sum it up, this year's cross-country team had its ups and downs, but overall they performed adequately as a team.

Girls Tennis

A Disappointing Season

The girls tennis team had a rough time this year. A 1-5 city league record and a 1-10 overall record, plus a sixth place finish was below expectations. Losing 4-3 on three occasions to Christian, Jennison, and Calvin Christian made their record a little deceiving.

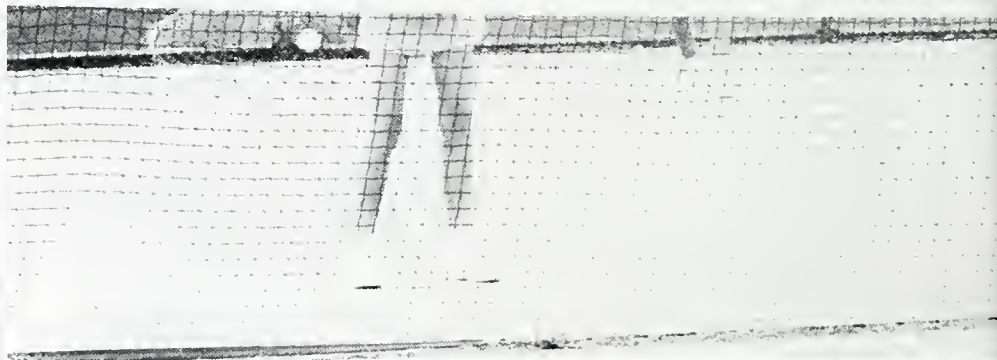

Playing number one singles, Katie Verbeek was second in team wins with seven. Mary Kragt, who played second singles, won the most times with sixteen victories. Andrea Bander, a senior, played exceptionally well but had some tough losses. In the fourth spot senior Vicki VandenBosch played fine tennis, but lost some close matches. Laura Gibson and Betsy Bylsma led the team in doubles play with nine wins. Junior-freshman combination Marla Matheny and Jennifer Cornetit played very strong in the second doubles spot. Playing third doubles, sophomore Audrey Ayoub and freshman Josalyn Seitz, did a great job.

There were a couple of standout performances at regionals. Mary Kragt stroked her way to the semi-finals, but then was defeated in a close match. Laura Gibson and Betsy Bylsma dominated their opponents, but were stopped in the semi's in three sets.

This team has a great future. It will be a very young team and it will have to depend on the leadership of players like Laura Gibson and Marla Matheny, who will be seniors next year. They can depend on young talent like Jennifer Cornetit and Josalyn Seitz. Returning players Betsy Bylsma and Audrey Ayoub will also be a great addition to the team.

Varsity Basketball

A Season To Remember

The 1984 girl's varsity basketball team has had a very successful season. So far their success has been due greatly to the depth of the team. All through the year the starters have been awesome, but if they ever run into trouble they will be backed up by the rest of the team. Although the people that do not start do not play all that often they are good basketball players and could come in and do the job.

Last year's team made it to the State semi-finals. This year's team is expected to go farther. They have already equalled preseason expectations and are expected to make a strong bid to get to this year's State finals.

The team is ranked 5th in the state in Class A. They are 6-0 in the City, and finished with city league play undefeated. Not only are they undefeated in the City League, but they also have a perfect record overall. That's quite an accomplishment.

The team is led by senior, Arnetta Peterson; juniors Lisa Reynolds, Dorothy Harris, Tanya Powell, and sophomore, Dede Jimmerson. This year they have averaged 65 points a game while only giving up 34 points per game. Their only close game of the season came early in a 4 point win over Muskegon Hts, 51 to 47. Other than that one close game they have beaten all the rest of the teams by a whopping average of 30 points.

Veteran coach, Camille Carter thinks one of the teams stronger points is their quickness. She says the thing that surprises all the teams is that it's not only from the guards but from her front line,

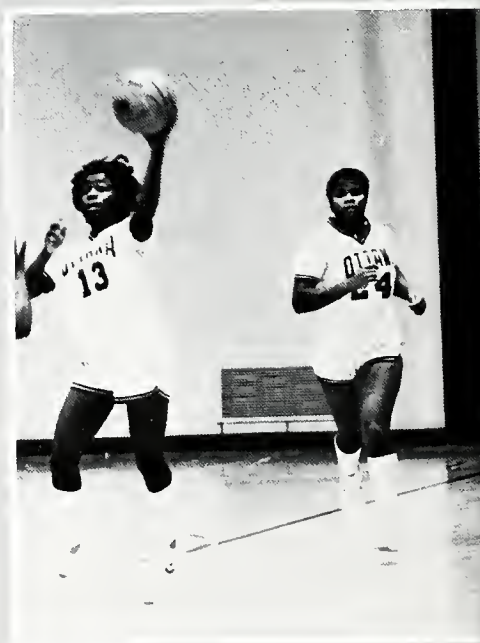

(above) Tonya extends for the basket.

including 5'11" Lisa Reynolds, 5'10" Tanya Powell, and 5'7" Arnetta Peterson. This is one of the tallest front lines in the state.

The team works together as a group but if one person were singled out, with the greatest accomplishment, it would probably be their center, Lisa Reynolds. She has the highest average on the team in both scoring and rebounding. Not only is she good on offense but she has proven to be dominant in the middle defensively, blocking shots and intimidating opposing players.

GOOD LUCK, GIRLS!!

J.V. Basketball

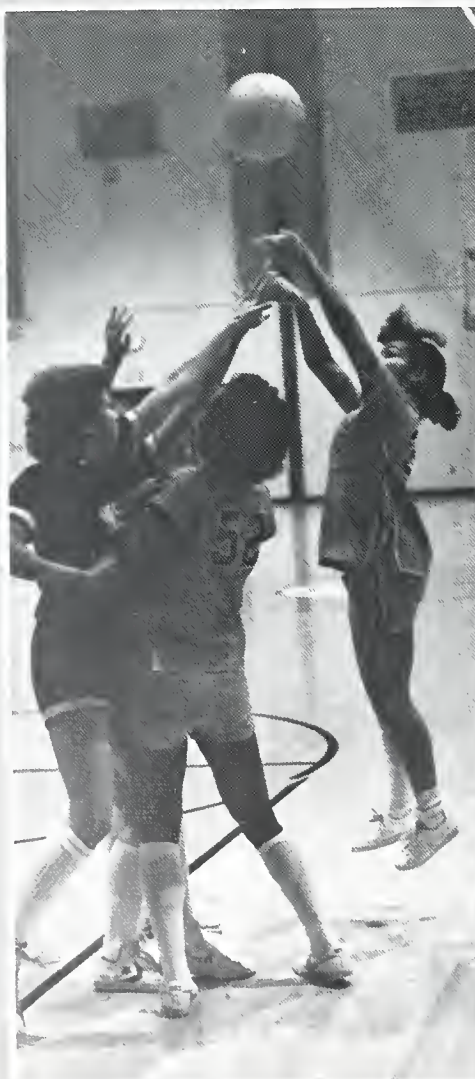

This year's J.V. basketball team showed a lot of promise. They have gained a lot of team experience. If the team plays as well as they can they will fit in well with next years varsity teams. They have shown a lot of hard work and determination from the beginning of the season. Sweating it out at all of the practices, working hard to make a good impression at the first game of the season.

This year it has all payed off. They have a city league record of 3-4 and are 5-5 overall. The way they have played is not evident in what their record says. The thing is that coach Weddle knows that his team has not yet played up to their full potential. What the team lacked this year was a team spark plug. One that could inspire the team in low times and get the team excited in times of joy. One that could keep them going.

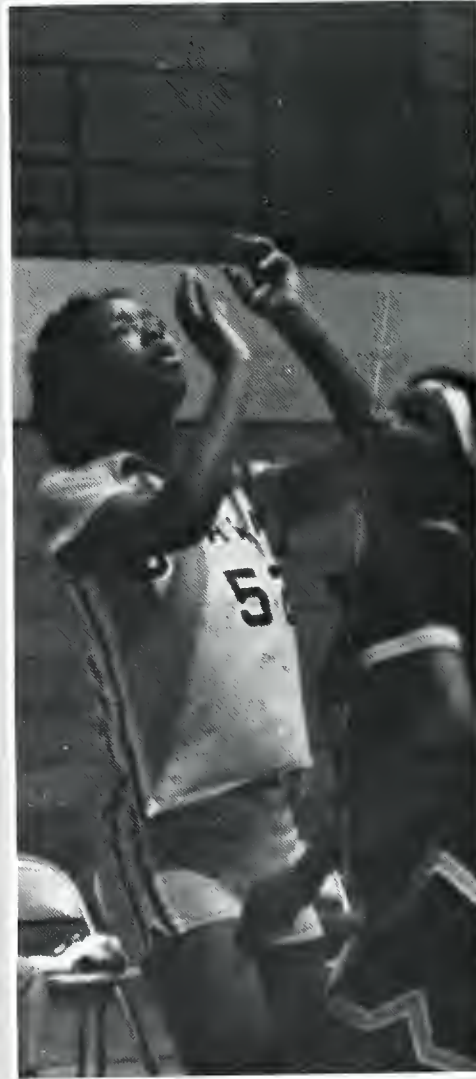

The team is led by a number of different people. They all fit together at different skills and positions. Melodie Blair, a freshmen had proven to be a good rebounder. Tammy Mcfall throughout the season has shown a lot of leadership as the teams point guard. Laura Carey is also a good leader on the court. She is one of the girls that was on last years team. This year she has used that to add experience to the team.

Freshmen Basketball

This years 1984-85 girls freshman basketball team, coached by Mr. Louis Dean, had a very disappointing season. The twelve players on the team were inexperienced, but they wre still determined to win. Mr. Dean spent a lot of his time working out the teams weak spots and trying to teach them the basic techniques. Tara Howard, Christine Gray, and Crystal Jackson, had the most outstanding improvement during their practices, and they are expected to improve even more next year. The 1984-85 freshmen team consisted of the following, Tara Howard, Christal Jackson, Christine Gray, Carla Jackson, Sharon Weather-shoe, Regina Washington, Ester Knoestr, Tamika LittleJohn, Dartina Brown, Julie Everett, Trina Marsh, and Marjorie Du-boise. The team understood the basic fundamentals, and they learned more about the game as their season went on. This team had a lot of potential and they will improve throughout their years to go to Varsity.

Varsity Soccer

OHHS Champs

Congratulations to the new "84-85" City Title Champs.

This year Ottawa's Varsity Soccer Team claimed the City Title. With their strategic effort in most of the games, Ottawa wiped out the Polar Bears in both games. Each one was won with the score of 7-0 in the end. This was an example of what Ottawa Hills High School is all about in academics and extracurricular activities.

During the soccer season, the Indians have shown pride and spirit. They have shown pride and spirit with their great effort as a team, which only has four Seniors and seven Juniors. The rest of the team is made up of Sophomores, who are vital to the team as a whole.

The team was coached by Mr. Adam Streital, the former coach of the Varsity Team. As a coach last year, Coach Streital knows the strong and weak points of his team as he watched his team progress. Since soccer is made up of team work it is very important that the coach and his team work as one.

The manager of the team was David Kingsworthy, who is in eleventh grade. He helped the team as much as possible with the coach as his supervisor.

This shows the O.H.H.S. is not only number one in the city, but number one all around, as a team.

"SO KEEP IT UP!"

J.V. Soccer

The J.V. Soccer team had a good year. They played extremely well. The J.V. team had three Sophomores and one Freshman. The rest of the team was made up of Seniors and Juniors who were also vital to the J.V. team. Several of the Sophomores played on the Varsity team as well as the J.V. team!

With a lot of hard team work and sweat, the J.V. team came out with a 5-Win, 4-Loss and 1-Tie.

The coach of the J.V. team, who also coaches Varsity, has been working for Ottawa Hills High School ever since there was a soccer team. The soccer team at Ottawa was started in 1978.

Coach Adam Streitel is a great asset to the team! He has watched his players progress over the years. This is very important for a coach and his players.

Every player on the team is important, even though some are better skilled than others. Soccer is all about team work. As Varsity has shown, they have progressed from Freshmen and Sophomores. We feel the Junior Varsity team will also progress.

OHHS hopes they will keep up their school spirit and pride shown at every game and let it be known what the Indians can do! SO KEEP IT UP J.V.!

J.V. Wrestling

The 84-85 junior varsity wrestling team looks very promising. There are more people on the JV team than there are on the varsity. The team is mainly made up of sophomores but there are a few good freshman who contribute.

This team, like the varsity, is coached by veteran wrestler Pete Lee. Pete is very happy with the participation of this group. He thinks that this group of young men could go far and possibly finish second or maybe even win it (the city league). West Catholic's team is probably the best team but if we can get a little lucky it is possible to beat them.

To sum it up, the 1984-85 junior varsity wrestling team looks very promising and should be a great tribute to the varsity squad in the future years. They may even be able to accomplish some very exciting feats of which Ottawa Hills has never seen in the sport of wrestling.

Varsity Wrestling

Few But Strong

This year's wrestling team seems to be shaping up good. They have some talent but lack in numbers. Their star is a 198 pound senior by the name of Jerald Harvey. He has the strength of an ox mixed with the quickness of a cricket. Jerald also starred on the city championship football team. Also on the supporting class is a very good 112 pound junior named Mike Garcia. He has good experience with unbelievable quickness. He also wrestles with great desire. Two more hopeful wrestlers are the VanHorn brothers, Joe and Terry. They didn't go to school here last year but are expected to be helpful to this years team.

The 84-85 squad is coached by a veteran super heavy-weight wrestler, Pete Lee. Pete who was very close to qualifying for the Los Angeles Olympic Games brings his experience to the mats everyday. He is helped out by a 3 time national AAU champion known only as "Gifford." Together these two experienced veterans help the team immensely.

In conclusion, this years team ought to go far with the help of their two one-time great coaches.

Varsity Hockey

Quickness And Skill

This years Varsity hockey team is looking towards a 3rd. or 4th. place finish. They look promising but just can't seem to get their act together. They have two good senior skaters, Tom Olsen and John Mangus. Tom who has been skating since he was 3 years old, made the all-area team last year as a junior and is a shoe in for this years all-area squad. John, who received very few honors last year as a junior, has improved immensely and is expected to be on the all-area team this year.

The coach, Rick Jensen, who is in his 9th. year of coaching had a few things to say about his 84-85 skaters. "They're good skaters with a lot of enthusiasm and they're very hard workers. We're lacking a little talent but make up for it with hustle," says coach Jensen.

Goalkeeping seems to be the teams main weakness this year. Their goalkeeper Jav Wagenka plays with a lot of heart but lacks the experience necessary to be a top notch goalie.

In conclusion, the team is a hardworking, caring, and enthusiastic team. Hopefully next year they can look forward to a higher finish and maybe even a title.

Varsity Basketball

Top Hoopsters

This year's Varsity Basketball Team began the year ranked third in the state. The team had a great year and everyone's expectations were fulfilled. Throughout the year the team was led by John Jimmerson and Kevin Brown. Both received numerous post-season honors. Jimmerson and Brown were solid leaders and performers that made up a good nucleus for the team.

Ben Ivy was the team's sparkplug this year and played key roles in many of the team's victories. Ivy still has his senior year remaining and is sure to be heard from in the future. Another junior, Darryl Smith, played well above everyone's expectations and did an excellent job of complementing Jimmerson and Brown.

Sophomore guard, Michael Davenport, showed that playing basketball comes naturally to him and with some experience under his belt, he could go on to be one of Ottawa's finest guards. Seniors Art Garner and Willie Jones played well this year and gave the team some leadership and experience.

J.V. Basketball

The 1984-1985 Junior Varsity team was successful despite a few minor setbacks. Sophomore Michael Davenport was pulled up to the varsity at the start of the year and another sophomore, Myron Trumble, was brought up later in the year. Sophomores Bob Strobel, Dave Tutas, and Jeff Olsen were the team leaders along with Trumble.

After a couple of close losses in the early going, the team regrouped to come on strong and finish in great style. The team united well and showed signs of greatness. Many of the players will surely go on to big roles with the varsity in coming years.

Freshman Basketball

This year's Freshman team had a good season and played quite well. The players at the freshman level gain valuable experience while learning the basic fundamentals of the game. This year's team contained a number of players who are sure to play key roles on the varsity in years to come.

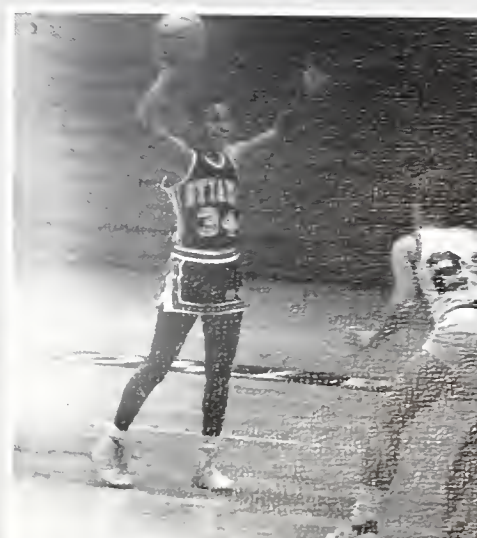

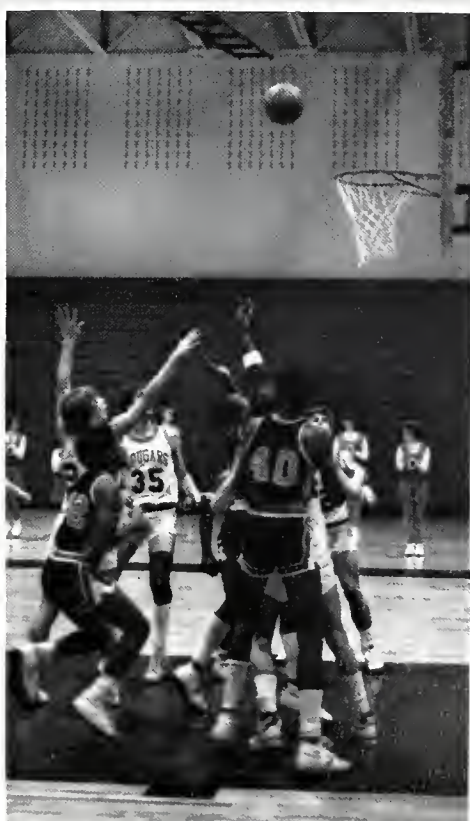

Their only losses of the year came from Catholic Central. This winning season will help their future varsity players gain the winning attitude they need to play on a varsity team. The varsity team pays close attention to their future returns for one with outstanding ability may be moved up to Junior varsity or even varsity.

Varsity Pom-Pon

An Exciting Squad

Mrs. Harris has stepped down as pom-pom supervisor, and Mrs. Smith has stepped in. She is doing a fine job. Mrs. Smith says the team works very hard at each practice. It has paid off because the squad competed at the Badgerette Clinic. They won first place in originality and second place in tap.

The varsity pom-pom squad performs at pep assemblies and at halftime of varsity basketball games. They have certainly put on some super performances at those events.

The team is made up mainly of sophomores, but there are three juniors and one senior. Mia Broyles, a junior, is the captain and an able leader. The two captains of routines are sophomores Kenya Smith and Sharrilyn Redmond, they do a terrific job. Mrs. Smith says this is a very young and talented group. She says they work hard on their routines and are all very fine dancers. They do difficult routines almost flawlessly.

We can look forward to next year because we have a very young team. Only Vicki Purnell, a senior, is leaving because of graduation. The whole team is left intact except for that filled by one of the up and coming JV members.

GOOD LUCK!!!

JV Pom-Pon

Many spectators are entertained at halftime of JV basketball games by this young talented group. They are the JV pom-pon squad.

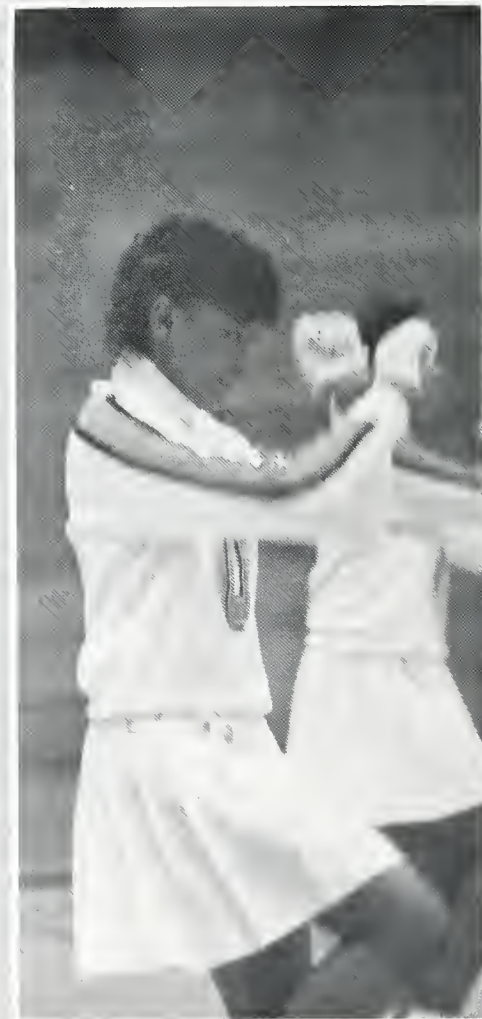

Mrs. Smith is this years new supervisor of JV pom-pons. She is doing an excellent coaching job.

The team is led by captain Stephanie Triplett and co-captain Dina Crittenden. Mrs. Smith says that they are a very hard-working group of students. "They are learning a lot this year," she says. Dancing is a big part of pom pons and they have a great talent in that department.

We can look to the future and see some extremely exciting pom-pon squads. If there are any gaps left on the varsity, the JV should be able to fill them right up.

Boys Swimming

Quite A Splash!

This year's boys swimming team looked forward to a promising year. The team as a whole is in the middle of a rebuilding year. The team is made up of mostly underclassmen. After last year's loss of a lot of key swimmers the underclassmen are going to have to help those more experienced.

The team is led by senior swimmer Jeff Williams; Mark Welscott, Jon March, Scott Schelling, all juniors and sophomore, Joel Buchanan. All of these boys were leaders last year and are going to have to continue this year for the team to be successful.

The team started out the year with a couple of tough close losses. In the mind of coach Gary Williams, it helped the team more than hurt them. The teams they swam against were very good and a loss did not look bad on their record. All of the earlier meets helped prepare for the tough City League meets that were to come. The swimming team's toughest challenge will come from last year's City League champion, Creston, who stripped them of their 7 year reign as the City Champions.

All of this year's swimming will be very exciting and very intense. We as Ottawa supporters are hoping that this year's team will come out a length ahead of the rest of the teams!

Gymnastics

Get On Down

The 1984-85 Gymnastics team had a great season. The team had four returning gymnasts to give the Indians a strong backbone. These girls are senior, Sue Sanderson, junior, Laura Gibson, and sophomores, Leslie Jones and Paula Visser. The remaining five gymnasts are Jodi Cronkright, Heather Dutcher, Jill Smith, Mindy Greenlee, and Monica Wiltjer.

Mary Welch, the coach of the team, has been coaching at Ottawa Hills for three years. As a coach, she watches the progress of the team. She watches their strong and weak points, as well as the qualities of each individual in particular. When she sees weak spots, she helps the girls improve where possible. Gymnasts rely a great deal upon their coach for guidance and support. Mary Welch, is a great asset to her team.

Even though gymnastics is not focused on as much as the gymnastics team would like, there has been a considerable amount of improvement of attendance at the meets. As Gymnastics is fast becoming a very popular sport. As it is now, there are no Mary Lou Rettons at Ottawa Hills but we are very pleased with the great amount of work and effort put fourth by the gymnastics teams. Keep up the good work!

Varsity Volleyball

Keep On Bumpin

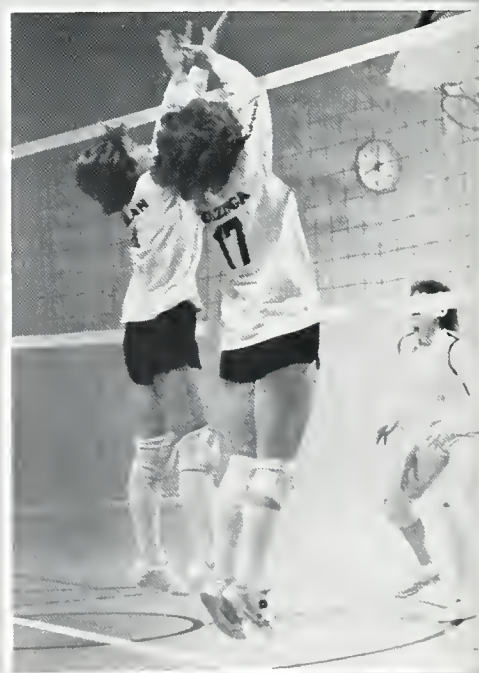

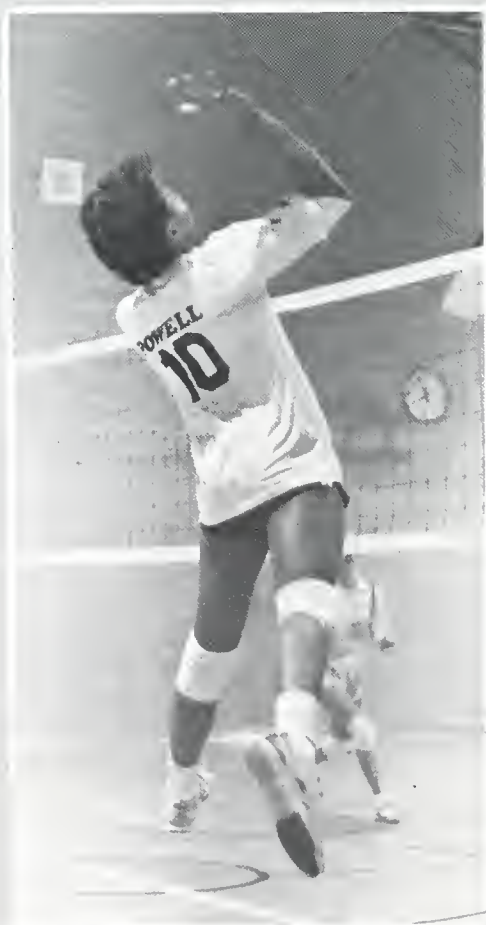

The Ottawa Hills 1984-85 Girls Varsity Volleyball Team is somewhat smaller than last years Varsity Team. The team has lost some valuable players, which has considerably hurt the team, yet they continue to fight. This year has been disappointing for the team, but has been a rebuilding year. Sophomores Kim Hui-zinga and Amy Rakowski have been moved up to Varsity to help fill gaps left from lost members. There are only two seniors on the team this year, Arnetta Peterson and Johanna Soet. Both will be missed next year, but the J.V. players soon to be on the Varsity team show a lot of promise.

Coach Neat who has been coaching volleyball for one year now, feels the team hasn't exceeded to the full extent of their abilities. The team has had a difficult year. The team has spirit and keeps trying. Coach Neat was out of town for two weeks in which her daughter, Linda Neat, graciously helped out with the team.

Ottawa Hills is looking forward to seeing the same school spirit and team work that has been traditional of Ottawa Hills. Good Luck next year and Ottawa hopes to see a great Varsity team next year.

J.V. Tourn. No Losses

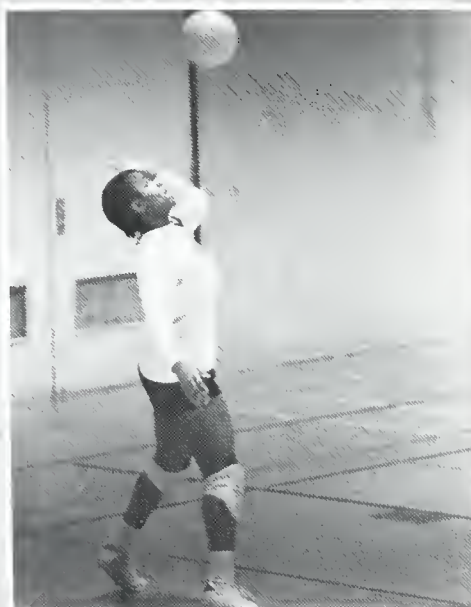

JV Volleyball

The 1984-85 Girls J.V. Volleyball Team has had an outstanding year. Winning 13 out of 15 games this season, the team is second in the city. Losing both games to Christian who are first in the city. This has shown Ottawa that the J.V. team is great. Their coach, Mrs. Anderson and the team will be going to volleyball camp this summer. The camp will help both players who will go to Varsity and the J.V. Congratulations, and good luck in future years on Ottawa Hills Volleyball teams.

During some games, the J.V. team was able to help out the Varsity team this year. Helping in the city tournament J.V. was a great help in supporting the team. Jana Hartman was moved up to varsity in the middle of the season. Helping the Varsity team has partially prepared some of the J.V. players for Varsity in years to come.

Frosh Volleyball

The 1984-85 Girls Freshmen Volleyball Team has had an interesting season. Winning 1 out of 6 games the team seemed to be doing bad, but near the end of the season the team tied Creston for 1st in the city league. The team lost the championship by two points, but Ottawa pride shows through this team. The coach Jackie Gallagher has taught this team good skills which will show up strongly in the future Varsity and J.V. teams. This has been a good year. Good luck.

School Of Champions

Ottawa Hills High School, "a school of champions", and proud owner of the All Sports Trophy. The All Sports Trophy has been at Ottawa Hills the last three years and a total of 19 years for the boys. The girls have also won this trophy the last two of three years.

This last year was especially great; for we had eight team champions and numerous individual All City awards. These individuals take great pride in their achievements for the school. They also are very deserving of their awards, for they have put much time and effort in to reach such lofty goals.

ORGANIZATIONS

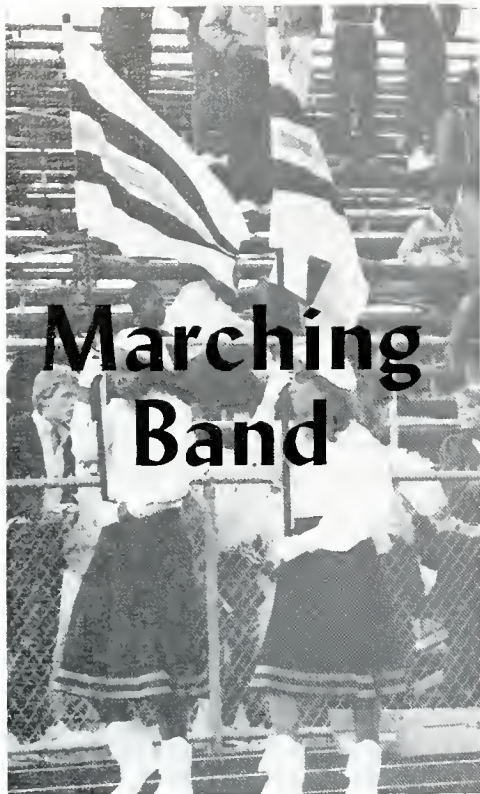

Organizations in and associated with Ottawa Hills were very helpful throughout the scholastic year. They performed many services ranging from dances to cookie sales. Furthermore, they were extremely helpful with giving kids something to do.

The major organizations this year were; Varsity Club, CPS, BOEC, Legend, Executive Board, Student Congress, and ROTC. We should be very happy, here at Ottawa to have such great organizations to be a part of. Also there is a great tradition of these organizations which goes way back to when the school was located where Iroquois Middle is now.

All of us that attend Ottawa should be thankful to the advisors of these organizations for keeping them running along so smoothly.

Overall, organizations are a great asset to high school students and all of us, if possible, you should try to become a part of one of the many organizations.

Marching Band

Sound Of Power

Marching Band consists of students from ninth to twelfth grade who have had previous musical experience. They are coordinated by the director to perform intricate marching maneuvers while simultaneously playing an instrument. Dance routines are created to highlight the music and one of the unique aspects of the Ottawa Hills band is their ability to dance and play at the same time. Mr. James Sawyer and Mr. Huls spent a lot of their time before, during, and after school to make special routines for the half time shows. There were four students who helped Mr. Sawyer and Mr. Huls by keeping the band organized. These people were as follows:

President: Phil Heaston
Vice President: Dan Lynn
Secretary: Lisa De Loff
Treasurer: Kai Li Hyatt

Keeps In Tune

This year's 1984-85 Orchestra had another great year. The Orchestra consisted of strings, woodwinds, brass and percussion. They played many types of music especially Classical. The students worked very hard to improve their skills and playing ability. The Orchestra participated in many concerts, tours, and activities. This year there was a one day retreat for rehearsal and fun. Also they raised money for a trip to Chicago where they were involved in an Orchestra festival. We hope to see some of them back again next year with the same great talent.

Shows Talent

The Ottawa Hills 1984-85 Concert Choir consisted of mostly Sophomores. This was a great year for the Concert Choir as they participated in many singing events throughout the year. The members learned a lot about singing and how to perform as a group. The Concert Choir worked very hard and has gained an excellent reputation throughout the area.

A Fresh New Sound

The freshmen choir consists of students interested in gaining the fundamentals of music, and they usually sing popular music. Mr. Rower who is the teacher of the freshmen choir, as well as other groups, has spent a lot of time getting them ready for concerts.

They may be young, but they are strong.

Accappella

The Accappella Choir is a very special choir. The choir is the largest choir at Ottawa Hills and is made up of mostly Juniors and Seniors. To be a Member of this choir students must have been in either freshman or sophomore choirs. The Accappella Choir was a very exciting performing group this year and they have done an exceptional job.

Keeps On Singing

During this school year the Ottawa Hills Chorale was involved in many civic and community events. The Chorale performed a wide variety of music from pop to vocal jazz. This years Chorale was made up of a great group of guys and girls. They all put in many hard hours and sometimes had to sacrifice some of their own free time. The 1984-85 Chorale led by Dennis Rower and Mark Dievendorf, had a very successful year.

Salt And Pepper

Still Lives

Salt and Pepper is a small choir made up of 20 Juniors and Seniors who auditioned and were chosen to have the best vocal ability. Salt and Pepper sings a variety of music from accappella madrigals to vocal jazz with a great percussion accompaniment. They perform often at many different places during the year. They have fun and learn a great deal about performing.

Debate

Debate is a interscholastic competitive event in the area of argumentation. In debate there are two sides, affirmative and negative, who present their cases. These two sides present analized evidence to convince a judge that their side is correct. In the beginning the team had a hard time convincing the judge their side was right, but Rob Metzger and Tracey Pastuer turned the team around for a win. The team finished up the season with an impressive city record, and a lot of thanks towards Mr. Beattie who helped them out tremendously.

Community Parents & Students

Community students & parents is an organization to help the people who live in the community. This years CP & S had a very successful year by helping out in many different activities. For Thanksgiving and Christmas, this group had gotten together and passed out food baskets to the needy. They also had a food drive (with a little help from Student Congress) and a couple of dances during the holiday seasons to help raise money for upcoming events. This group has been together for nine years now and has been successful every year. The advisor for this club was Jeanette Carter, the administrative advisor was Mr. Ernest "Louie" Pasteur. This was Jeanette Carter's first year with CP & S and this is Mr. Pasteur's third year. This years executive board were as follows:

President — Willie Oliver
Vice President — Tracy Pasteur
Secretary — Mia Broyles
Treasurer — Nichole Drake
Sergeant Of Arms — Bernard Macklin

Every Wednesday CP & S held meetings at lunch to discuss both new and old issues. One of the issues they discussed was when to have dances. One of the dances that CP & S sponsored was after the Ottawa vs. Union basketball game, since it was a great success last year. All of these people did an excellent job and we hope they and the club will keep up their continious success.

Student Congress

The 84-85 student congress was very responsible throughout the year. They were demonstrative in dances, sales, and just plain help to the school. The Student Congress officers were; Tom Olsson — President, Rob Metzger — Vice President, Heidi Hertel — Secretary, and finally, Melissa Tenhave — Treasurer. These four people were great leaders and were very responsible for the well being of the group.

This years advisor, Ed Shalhoup, helped out a lot by being present at all group functions and meetings. Jon March an 11th grade student congress member says of Shalhoup, "He let the students run the show rather than him doing most of the work." This helped the students by giving them a sense of responsibility.

Overall the group was very prominent throughout the scholastic year. They helped make the difficulties that occur every year in school seem to pass much easier. We, the rest of the student body, would like to thank them for their efforts.

This year at Ottawa Hills the more outstanding students are being recognized. Each month two students are selected to be the two best students of that month. The selections are based on grades, personality, and by the extra time the student spends helping the school. The majority of the time one girl and one boy are elected each month, although it could be that two guys or two girls are elected in the same month. The selections are not limited to just seniors, underclassmen are equally compatible for the Student of the Month award. The students will receive a plaque from the Board of Education stating that they were elected student of the month for a certain month. All of the students elected Student of the Month felt honored to receive the award. These students all earned this award and thanks to them the school year went much smoother.

Scholarship, service, leadership, and character are the areas that the students must excel in, in order to be inducted into the National Honor Society. These students met, and well passed this criteria. To be inducted into the National Honor Society is a great accomplishment, and something to be very proud of. Those chosen are looked up to and admired by many other students. The National Honor Society is something that will stay with and benefit a person for the rest of their life. The people in charge, Mrs. Potter, and Mrs. Starkweather, did a fine job in organizing the whole thing. Congratulations to all those accepted.

Almost every student at Ottawa would go hungry if the School Store hadn't come through. The Store benefits everyone. For the students who work there, the store is a class in which they learn how to use cash registers, keep track of profits and debts and bills. For the rest of Ottawa Hills, it means candy, drinks and almost any snack one could ask for. School spirit stuff such as sweatshirts, T-shirts, shorts, and dufflebags are also sold there. It probably can go unsaid how much the students at Ottawa Hills need the School Store. To them, it's a way of survival.

The R.O.T.C. department is a course that stresses leadership and citizenship. It is based on military organization and teaches military subjects, such as; marksmanship, military history, map reading, first aid, drill and teaching. A student may have this course throughout his four years at high school. Three years of R.O.T.C. will result in a one grade promotion if cadets enlist in the army after graduating from high school. The R.O.T.C. also offers extra activities such as drill teams, color guards, and rangers units. Ottawa's drill teams have been the city drill champions for the past thirteen years straight, also four time state champs, and one time national champions. All uniforms and equipment are furnished by the department. This course is offered to all students male or female and is worth ten credits per year. Furthermore, R.O.T.C. can be substituted for physical education class. The taking of this course does not require anyone to enter the military service. The instructors are; LSG. James Dedrich and assistant instructor MSJ. Eugene Crans.

B.O.E.C.

BOEC stands for Business Office Education Club. To join you have to have a business related class. BOEC is a business club where the members learn how to handle business situations. They do a lot of hard work in BOEC and they have advisors that help them maintain their business club. The advisors also help them to get a head start in the job market of business. BOEC is a very serious club for the business oriented student, this club will definitely help a student in getting the business job. BOEC competes with other schools. Their first competition will be at Davenport college, if they win this competition, the members and advisors will take a trip to Detroit's Renaissance Center for a state wide competition. All of the members will be competing in the state competition. The people who compete in the competition usually pick the area in which they are best at, like typing, banking, or job interviews. They do a lot of hard work in this competition but there is always time for a little fun, which they will take advantage of, especially being in the Renaissance Center.

This year they have a very dedicated team of officers and they are doing everything possible to come back from Detroit as winners, to show us that Ottawa Hills has an excellent business program. The President of BOEC is Julie Impellizzeri, Vice President Maribeth Kirmann, Secretary Pattie Batterbee, Treasurer Marla Matheny and Recorder is Tammy Andrews. We'd like to congratulate BOEC for having such a great year.

Legend

Shalhoup Leads The Way

They did it! The 1984-85 Yearbook staff made it through the year. The famous phrase "I'll do it later" did not seem to put a damper on this outstanding yearbook. The great variety of creative and industrious people came up with pictures and stories that will bring back all of the memories of this 1984-85 school year.

Mr. Shalhoup, the head honche, took this awkward group of people, and put their skills together to produce the 1984-85 yearbook. The photographers did a super job in taking pictures of a diversity of people at different events. It will be hard to do a better job than this in the years to come.

FACULTY

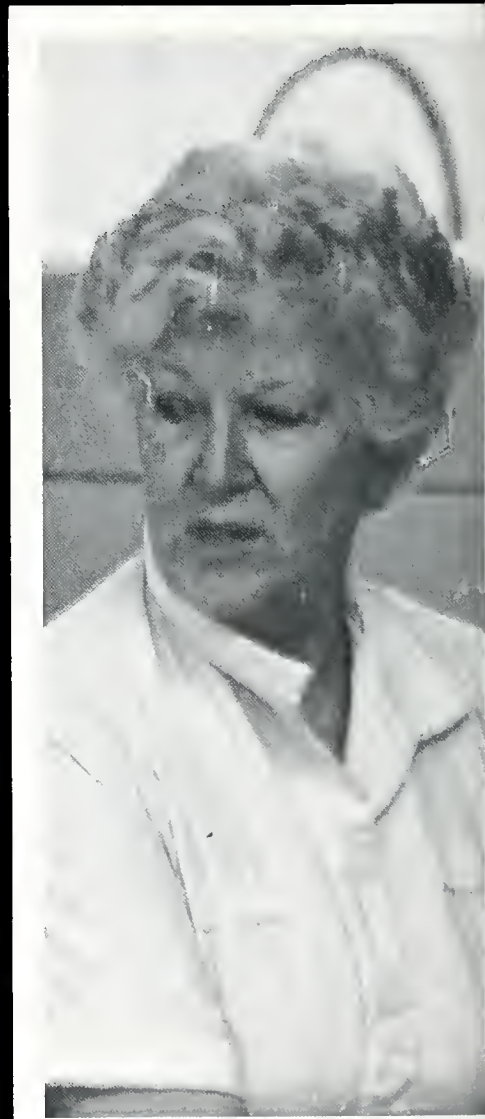

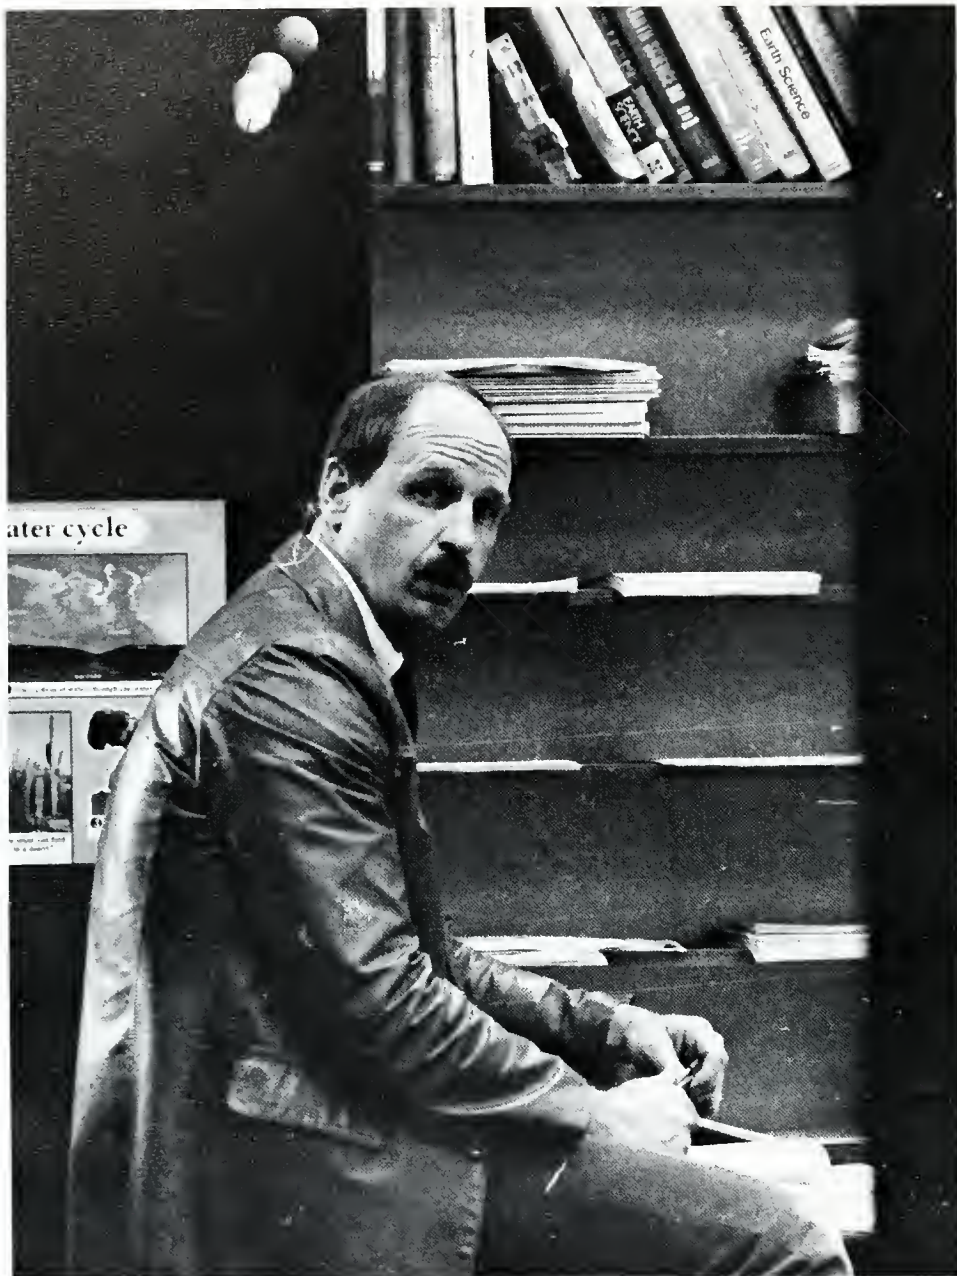

This year got off to somewhat of a rocky start for everyone, especially the faculty. Because the teachers went on strike, the first five days of school were taught by a collection of administrators, substitute teachers, and parent volunteers. Most teachers felt the strike was a waste of time and many of them began school with a bad taste in their mouth. However, the strike was eventually settled and things got back to normal fairly smoothly.

The faculty at Ottawa is for the most part a very involved and active group. The staff plays a very important role in making learning at Ottawa Hills a valuable and enjoyable experience.

Bill Reece was well liked by everyone. He was a hard-worker and was well respected by his peers. He was always ready to help with anything. He will be sorely missed here at Ottawa Hills.

ADS

Each year, graduates face the challenge of making choices which will determine the paths their futures will take. It's a critical choice, but only one of hundreds of important choices all of us must make throughout our lives. The right to make such choices is a privilege only we who live in the free world enjoy. Most of humanity is still being told how their lives must be lived. For them, freedom of choice does not exist. We should think about that once in awhile. The right to make choices is the quintessential element of freedom — and freedom makes all the difference.

Patrons are an important part of the yearbook. They made it possible for students to buy their yearbooks at a reduced price. Patrons also provide an opportunity for added features for the yearbook. The Legend would not have been as successful without these patrons. The

Become A Legend . . .

Becoming a legend is what this year was all about. Reagan was re-elected, Ferraro was the first woman to become a successful vice president candidate. Eligibility requirements went up, and new administration improved the school year. Teachers went on strike among other things, and the Tigers won the world series. Spirit week came back during homecoming, Donkey Basketball was played between the faculty and the seniors, and the Varsity football team were city champs. Some guys on the swim team got mohawks to help their times in the city meet, Girls Varsity basketball went undefeated, and homecoming game was the most spirited ever. A few interesting things happened to and for the seniors: junior girls stole the bell from the seniors guys who were hiding it in the athletic office, for the first time the senior Prom was held at the Amway Grand Plaza Hotel, and a graduation party was given for the seniors.

Having spent a full year teaching others how to put a yearbook together we found it more challenging than expected. Most of the Legend' staff for our 84-85 book were new. A lot of hard work and interesting ideas were put forth before we were finished. Photographers and layout designers alike put much effort into the final product. So for all their hard work we'd like to thank and congratulate each and every one of the Legend staff for making the book possible. A thank you to John Pesano (publishing advisor) and all the supporters who contributed by being advertisers and patrons.

Special thanks goes to Edward Shalhoup, a dedicated staff advisor, teacher, and friend who guided us through trial and error helping our book to turn out the best.
